Nature Detectives Checklist

To Do Before Nature Detectives

- Read this Teacher Information Package carefully
- Arrange transportation to arrive 15 minutes before your program start time
- Send 'Essential Parent/Guardian Information' home (page 7)
- Review 'Park Etiquette' with students (page 5)
- Review 'What to Wear' with students (page 7)
- Send payment a minimum of two weeks prior to your program

Curriculum Connections

Nature Detectives is a place-based program that directly relates to the Grade K-3 science curricula. Below, you'll find some big ideas and curricular competencies that will be addressed. You may contact us for a more detailed list for your grade if you wish.

Big Ideas:

Kindergarten

- Plants and animals have observable features
- Daily and seasonal changes affect all living things

Grade 1

- Living things have features and behaviours that help them survive in their environment

Grade 2

- Living things have life cycles adapted to their environment

Grade 3

- Living things are diverse, can be grouped, and interact in their ecosystems

Curricular Competencies:

Kindergarten to Grade 3

- Demonstrate curiosity about the natural world
- Observe objects and events in familiar contexts
- Experience and interpret the local environment
- Express and reflect on personal experiences of place

Essential Teacher Information

Payment

Payment not made through our booking system is due a minimum of two weeks prior to your program date. Payment by cheque can be sent to the address on Page 1. Please make cheques out to the Stanley Park Ecology Society and mark them with your invoice number, school name and program date. A \$25 fee will be charged for all cheques returned NSF.

Cancellation Policy

Cancellations made before 4 weeks from the booking date will receive a full refund, minus a \$15 administrative fee. No refunds will be issued for cancellations within 4 weeks of program dates. Participants whose programs are cancelled due to weather will receive a credit refund.

Be Prepared

Our programs run rain or shine and are held entirely outside. Students will be learning through hands-on activities, getting a bit dirty and possibly wet (especially shoes). Please review the enclosed 'what to wear' list with your students prior to their park visit (see page 7). Due to the variable walking terrain, appropriate footwear is required.

Adult Assistance

We require the assistance of a minimum of two and a **maximum of four adults**. This excludes all one-on-one adult assistance. These adults are invited to participate in all activities and asked to help maintain discipline in the group. Please ensure adults turn off cell phones and refrain from having distracting conversations.

Arriving for the Program

Please arrive 15 minutes before the program time in order to have a washroom break, snacks and division into groups. Programs do not stop for washroom and snack breaks as there is no access to facilities during the program. SPES educators will greet you at the meeting location at the designated start time. If you are running late, please call the School Programs cell phone at 236-867-1564 to let us know.

Essential Teacher Information

Transportation and Meeting Site

The meeting site for this program is at the Miniature Railway parking lot (see map on page 6). This site is easily accessed by the #19 Stanley Park public bus, school buses, or private vehicles.

Photography

We recognize that photos are a great way for classes to document their fieldtrips, and so we allow photos during our programs; however it is our policy at SPES School Programs that no videos are to be taken of/during our programs.

Pay Parking

Pay parking is in effect at all times in Stanley Park. The rates from April 1st - September 30th are \$4.25 for 1 hour or \$15.25 per day per vehicle and from October 1st - March 31st are \$3.25 for 1 hour or \$8.25 per day. Rates are set by the Park Board and are subject to change. Cash and credit cards are accepted at the ticket machines.

Inclement Weather

Programs run rain or shine in Stanley Park, however during dangerous weather we occasionally have to cancel programs for safety reasons. Extreme weather events can be dangerous in the park due to falling trees, slippery conditions, etc. Government-issued weather advisories are also monitored for important recommendations. A credit refund will be issued if we are required to cancel a program due to inclement weather.

Park Etiquette for Students

Stanley Park is a protected area that is home to many amazing living and nonliving things. We are lucky to be able to visit this area, but we must remember that Stanley Park is where these living things make their homes. As visitors to these organisms' homes we should tread carefully and act with respect.

To ensure the best possible experience for students and the Park's plants and animals, please take the time to review these guidelines with students before your Park visit.

1. Bring an open mind and your curiosity.

In our outdoor classroom, we'll engage all of our senses while exploring nature. There will be times for listening to instructions, when students will be invited to raise their hands and ask questions. There will also be times when students are given challenges to complete while exploring or sharing stories with their friends.

2. Take only photos and memories.

Every single leaf, flower, shell, stone and berry is an important part of the web of life in the Park. If we remove items from Stanley Park, we are removing potential shelter and food for living things. Students should leave everything as they find it.

3. Leave only soft footprints (not garbage).

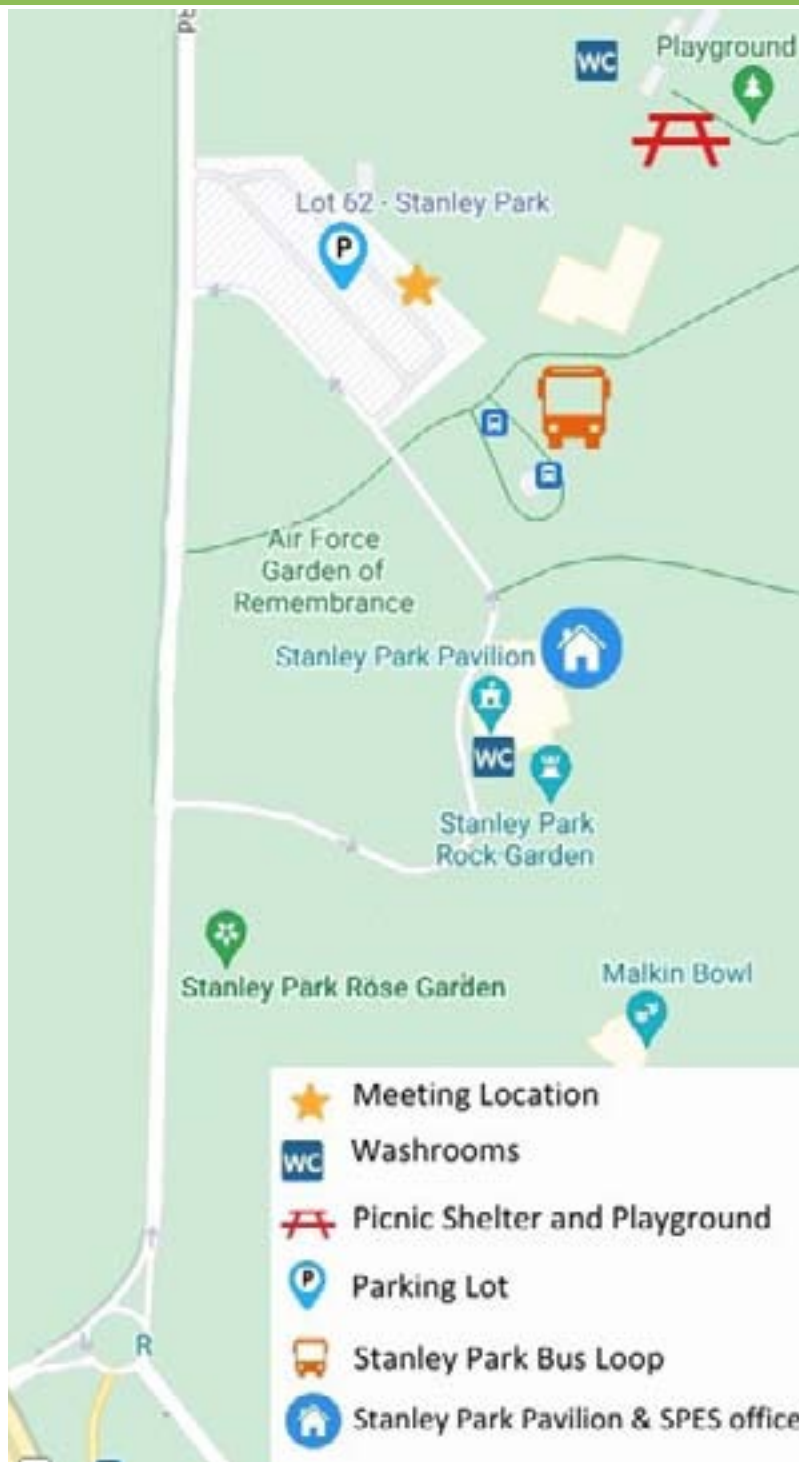

The animals of the greenspace have all the food they need. Human food can make them sick, create dependence on humans, and lead to aggressive behaviour or overpopulation. Please ask students to ensure all garbage is disposed of properly. Even small crumbs shouldn't be left for animals to find.

4. Explore with respect.

Let us lead your adventure on and off trail in the greenspace; students should not be ahead of their leader. There will be opportunities to gently touch safe plants in the Park. You might be hugging trees, smelling leaves or just moving them to get a look from a different angle. However, birds and mammals like raccoons and squirrels, while cute and often accustomed to humans, should not be touched. These are still wild animals and we want them to stay that way.

Map and Directions

Area in box is enlarged on left

Driving Directions from Vancouver

- Travel northeast on Georgia St. past Denman St.
- Take the right lane exit into Stanley Park.
- Travel straight through the roundabout (take the second exit).
- Drive up the hill along Pipeline Road. Take your first right after the rose gardens.
- Follow this narrow road between the rose gardens and the trees past the Stanley Park Pavilion to the Miniature Railway parking lot.
- Walk South West towards Lost Lagoon.

Public Transit Directions

After you get off the #19 bus at Westbound Stanley Park Dr @ Pipeline Rd, walk North West towards Lost Lagoon. We will meet you on the top of the Nature House.

For interactive directions, this map is also available at <http://ow.ly/pUTTS>

Essential Parent/Guardian Information

Field Trip Date: _____

Your child will be visiting Stanley Park for the Beautiful Bats program led by the Stanley Park Ecology Society.

During the *Beautiful Bats* program your child will get an introduction to nature in Stanley Park's forested trails, where they will discover bat adaptations, habitat and their relationship to humans.

The entire program will be held outside, rain or shine.

To help make this an exciting and memorable experience for your child, we strongly recommend that he/she wear the following items listed below. It is always colder in the forest, even on a sunny day. Your child should be prepared to get a bit dirty and possibly wet, especially his or her shoes! If it is raining on the day of the program, it is especially important to dress well to keep the field trip fun.

What to wear and bring to the Beautiful Bats program:

- T-shirt, long sleeved shirt and sweater.
- Long pants - no dresses please!
- Good walking shoes that you don't mind getting wet or muddy. NO flip flops or sandals!
- If sunny: sunscreen and hat.
- If raining: waterproof jacket with hood or hat.
- If cold: warm gloves and a hat.
- Refillable water bottle.
- Please, no umbrellas! In a large group, umbrellas can block the view for your child's classmates and can accidentally poke someone in the eye.
- Avoid clothes made of cotton on rainy days. Cotton can be very cold when wet. Wear wool or synthetic clothes whenever possible.

In addition to school programs, the Stanley Park Ecology Society also offers fun, interactive forest and wildlife walks as well as online programs for families and adults.

Visit us at www.stanleyparkecology.ca for more information about the work of the Stanley Park Ecology Society and becoming a member.
